Learn
APN Summit-2020 is designed to provide pediatricians, physicians, neonatologists, pediatrics nurses and other allied experts in the field of child health care with up-to-date research work in pediatrics and to create an invaluable channel to network with global and regional leaders as well as to collaborate with them.

Discover
The conference aims to bring together nationally and internationally prominent Pediatrics speakers, experts, and physicians to share latest breakthroughs and discoveries from around the world specific to Pediatrics research and neonatology. A wide array of childhood diseases related to heart, lungs, brain, gastrointestinal tract, cancer etc, along with their prevention, assessment, and management will be discussed to ensure optimal clinical outcomes for both mother and child.

Connect
APN Summit-2020 provides the platform for international networking, multiple opportunities to meet experts and influencers, collaboration on individual level, job opportunities and to learn the latest breakthroughs and discoveries specific to pediatrics research and neonatology.

About the Organizer
Annual Pediatrics and Neonatology Summit (APN Summit-2020) is organized by United Scientific Group (USG), a nonprofit scientific organization with tax-exempt status under Section of Internal Revenue Code 501(c)(3) of the United States of America.

USG has a history of successfully organizing and managing, scientific meetings, symposiums and panel discussions ranging from 50 to 350 participants, throughout the United States of America and internationally.

USG is led by a group of senior scientists as the board of directors, who are committed to work together and contribute their best services to the scientific community by supporting scientific meeting organization and open access content publication.

Our vision is to create various scientific networking platforms by organizing conferences to bridge the gap between research and business for the translation of scientific discoveries and innovative thoughts into implementable solutions and products which benefit humankind.

We believe in creating a platform where knowledge exchange and growth of scientific wisdom can take place by connecting and sharing valuable inputs and opinions of practitioners and academicians from across the globe. This will help address the rising scientific queries and provide solutions for a smarter and more advanced future.

Through the years, USG Conferences has hosted Nobel Laureates, National Academy Members, industry and academic stalwarts, innovators, and entrepreneurs, who interact with the audience through a talk and during the networking sessions.

Reasons to Attend APN Summit-2020
